Implementation and Review

The Chief Academic Officers or designees of the parties to this agreement will implement the Terms of this agreement, including identifying and incorporating any changes into subsequent agreements, assuring compliance with system policy, procedure and guidelines, and conducting a periodic review of this agreement.

The sending and receiving institution shall work with students to resolve any transfer questions should changes to programs occur while the agreement is in effect.

When a student notifies the receiving institution of their intent to follow this agreement, the receiving institution will encode course waivers and substitutions.

Effective Date and Duration

This Articulation Agreement is effective on January 23, 2024, and shall remain in effect for five years unless terminated or amended by either party with 30 days prior written notice. This agreement supersedes any previous articulation agreements that were in effect for the sending and receiving programs.
